MRI Training Completion Form for Siemens 3T TIM Trio System

Part I: Trainee's Acknowledgment

I hereby certify that I, _____, have completed the safety training requirements (MRI Safety Training, University of Iowa HPO Biological Safety and Hazardous Waste Management Courses and CPR certification) prior to beginning training on the operation of the Siemens MR scanner. The training I received at the University of Iowa MRI center covered the following topics:

- Recruiting volunteers / subjects
- Performing the informed consent process
- Safety screening subjects
- Subject comfort in the scanner
- Safe operation and emergency procedures in the scanner room
- Basic imaging protocols and working on the Trio platform

I understand that I am responsible for operating the magnet in a safe and ethical manner, and my trainer bears no responsibility for my future work on the scanner. I understand that human subjects can only be scanned under the IRB-approved protocol, and that I must obtain informed consent from every subject.

Trainee	*Signature*	*Date*

Part II: Trainer's Acknowledgment

I have provided instruction on the operation of the Siemens 3T MR scanner to the best of my ability, covering the topics listed above. While the training is not comprehensive, I believe that _____ has demonstrated adequate proficiency to scan human subjects.

_____	_____	_____
Trainer	*Signature*	*Date*

Part III: Faculty Member Sign-off for Non-faculty Members

I understand that _____ has completed his/her training. I recognize that I bear ultimate responsibility for his/her scanning.
